## Summary

---

Frontend Developer Intern aspirant with hands-on experience in basics of HTML5, CSS3, and basic JavaScript. Strong interest in UI/UX design, responsive web development, and building user-friendly interfaces. Experienced in translating Figma designs into responsive web pages and deploying projects on modern platforms. Seeking a Frontend / UI-UX web development Internship to apply skills and learn industry best practices.

## Education

---

### B.E. Electronics and Communication Engineering

2022 – 2026

Erode Sengunthar Engineering College, Perundurai

CGPA: 7.1

## Technical Skills

---

**Frontend Development:** HTML5, CSS3, JavaScript (Basics), Responsive Web Design, Mobile-First Design, Cross-Browser Compatibility

**UI / UX Design:** UI Design, UX Design, Wireframing, Prototyping

**Tools & Platforms:** Git, GitHub, VS Code, Vercel, GitHub Pages, Figma, Canva, Photoshop

## Projects

---

### Personal Portfolio Website

- Designed end-to-end UI in Figma and converted designs into responsive, production-ready web pages.
- Implemented dark/light mode, smooth animations, and modern UI layouts.
- Built with HTML, CSS, and JavaScript; deployed using GitHub Pages and Vercel.

### Smart Greenhouse Web Dashboard

- Designed and developed a responsive web dashboard to monitor temperature, humidity, soil moisture, and light levels.
- Implemented real-time data display concepts using HTML, CSS, and JavaScript.
- Focused on clean UI hierarchy, readability, and cross-device compatibility.
- Deployed the frontend application on Vercel.

### 404 Error Page – Sculpt UI

- Designed a modern, responsive 404 “Page Not Found” user interface inspired by a Figma design.
- Recreated the layout using pure HTML and CSS with a focus on visual hierarchy and spacing.
- Added subtle CSS animations and playful illustration elements to improve user engagement.
- Ensured consistent responsiveness across desktop and mobile devices.

## Certifications

---

- Bootcamp on HTML & CSS – Let’s Upgrade
- Fundamentals of Java Programming – Coursera
- Full stack development Master class on - NoviTech
